Learned some valuable shopping lessons on Amazon today. #1 If you see something you like, buy it ASAP. I really wanted a first edition Judy Blume Are You There God It's Me Margaret that cost 20 bucks. So I figured I'd just save it for later. Bad [illegible] out and now they are going for ~~[illegible]~~ 30 to 50 dollars. 2nd you can cancel orders. There were 3 copies of ~~[illegible]~~ Seuss's [illegible] Book. Then again maybe I wouldn't. I really wanted a hard cover but I said screw I'm not going to wait around. [illegible] Another bad decision. The book was 20 and it was a paperback. I found a hard cover for ~~[illegible]~~ [illegible]. [illegible] learn from 1 mistake and I made another. 3rd shop around for the best deal. I had plenty of money in the bank but thought that these items would never be up for grabs. Lesson learned, I should have bought a first edition when I had the chance

CAT & MOUSE

March 29 2014

So I was horsing around Harry Hines. And since I Just gotten laid off ~~&~~ and did not have anything better to do. I figured why not go to the stripclub. About halfway there these 2 Hispanic chicks offered me a ride. I told them if they wanted to join but the gentlemen's club wasn't exactly their thing. $15 dollar cover fee. Those were the days I look young for my age. the staff was like "Oh my GOD You are Young". and "You look like your 12". After getting settled in I saw the hottest girl at the club Dancing the mainstage. Beatiful girl, she was a Hispanic girl w/ long wavy hair a nice rack firm ass wearing purple, she looked kinda like that that girl from a man Apart. I hope I get a lap Dance with her was allwas thinking, the whole time I was watching Her. I was acting like the Tex Avery's wolf, Heart pounding couldn't take my eyes off of her. & if I knew how I'd be whistling. I was eye fucking her so hard that I didn't even notice this other entertainer trying to get my attention. She put her hand on my shoulder and I was like "Yeah", She said did I want to dance. I said "Yeah sure whatever. As the dance was starting I started rubbing her ~~thigh~~ thigh. Then she turned around and started shaking her ass in my ~~face~~ face. Am I allowed to touch her? I said ahh fuck it and grabbed a handful of her Ass Then I felt her tits. After the dance was over I was hoping I could get a lapdance from the girl in purple.

I was getting ready to leave when it happened. Perfect timing. It was as if GOD said "this asshole has suffered enough. Let this angel raise his spirits. She sat on my lap and I was like praise GOD. We shook hands but I didn't let go. ~~How~~ Her skin was as soft as buttermilk. Started playing with her hair. After a little small talk she popped the question. Do I wanna dance? I thought she would never ask. I'll say this. That girl can get loose. Halfway through I asked if ~~I~~ she had a boyfriend? I was expecting her to say. Just so I say He's a lucky guy and make her feel good about herself, when she said no. I was caught off guard. With the hell am I gonna say now? All I could think of was "I'm Just asking, GOD"! And as quickly as it started the dance was over. This girl was nice. She gave off a good vibe. Just being around her put me in a good mood,

Oh Yeah her name was

FELECIA

I was still thinking about her When I left the club. How vulnerable she was, Like a new born kitten with it's eye's closed. cute as hell but totally defenseless. It reminds me of this kitten I was playing with, kitty had to be 1 or 2 weeks old. It Started Hissing at me. As I reach to pet it it bit me. It was more like a gnaw, I barely felt a thing, so adorable. Now whenever I play Marvel VS capcom I always have Felicia on my roster. I've seen pictures of girls cosplaying as Felicia, Stunning Babes. Also that was the 1st time I Ever meet a girl named Felicia, Gourgaous name just like the girls who have it. I never knew how sexy Blue hair was

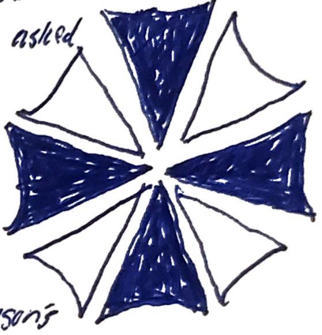
Morning Dew

Sep 2 tues 2014

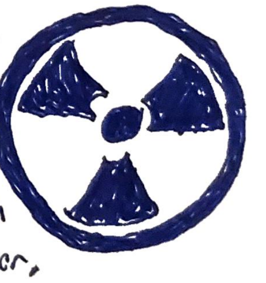
A new girl started working at chase. Her name was [redacted]. I seriously have never meet a girl named [redacted] This chick must be spanish her name means Morning Dew. She asked me if I was a regular. Hell yeah. I'm here every Tuesday. She just started a week Ago.



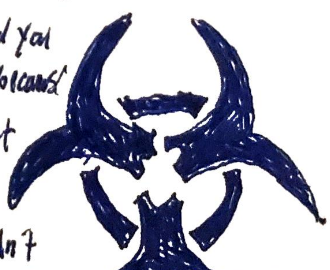
Sept 9 tues 2014

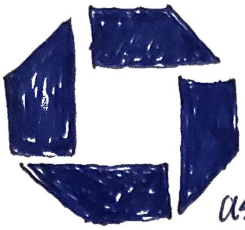
I told [redacted] she had a cute name. [redacted] then went on about a 5K charity marathon in Grand Prairie. The reason's she did it were to stay healthy and helping a good cause. I told her about the time I took like a 5 mile hike with 50 pounds of gear. How I made it just by a hair. See you next week was all she said.

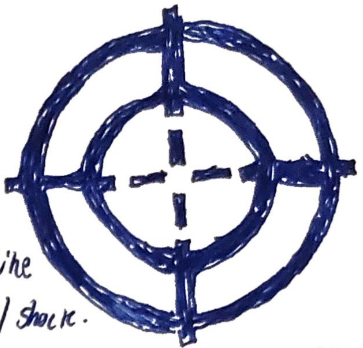
Nov 12 2014 tues



I told [redacted] if she had a boyfriend, Yes she did. Just for ticks I asked her what she wanted to be when she grows up. She was growing so I rephrased it to what does she want to be or do. She wants to be a teacher. I mention movies like High School High and lean on me as reason's to not become a ~~teaker~~ teacher. [redacted] wouldn't budge saying it was just Hollywood. I told her if she stay's the course to at least teach at a private school or predomintly white school. Then I said if they were closed veteran's Day. She said "Yeah. Did you stop by?" That question must have piqued her curisoty because she told me "What do you want to be!?" As she said that I said "can you give me ~~$~~ 20 dollars back. [redacted] asked me if I wanted all singles, Yeah. [redacted] couldn't let it go. She asked me again "Why, what did you want." After A little hesitation I blurted out an "Assassin". She was in disbelief like did I just hear that. For ~~F~~ reassurance she asked me again "A what



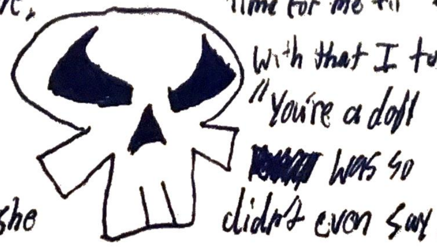


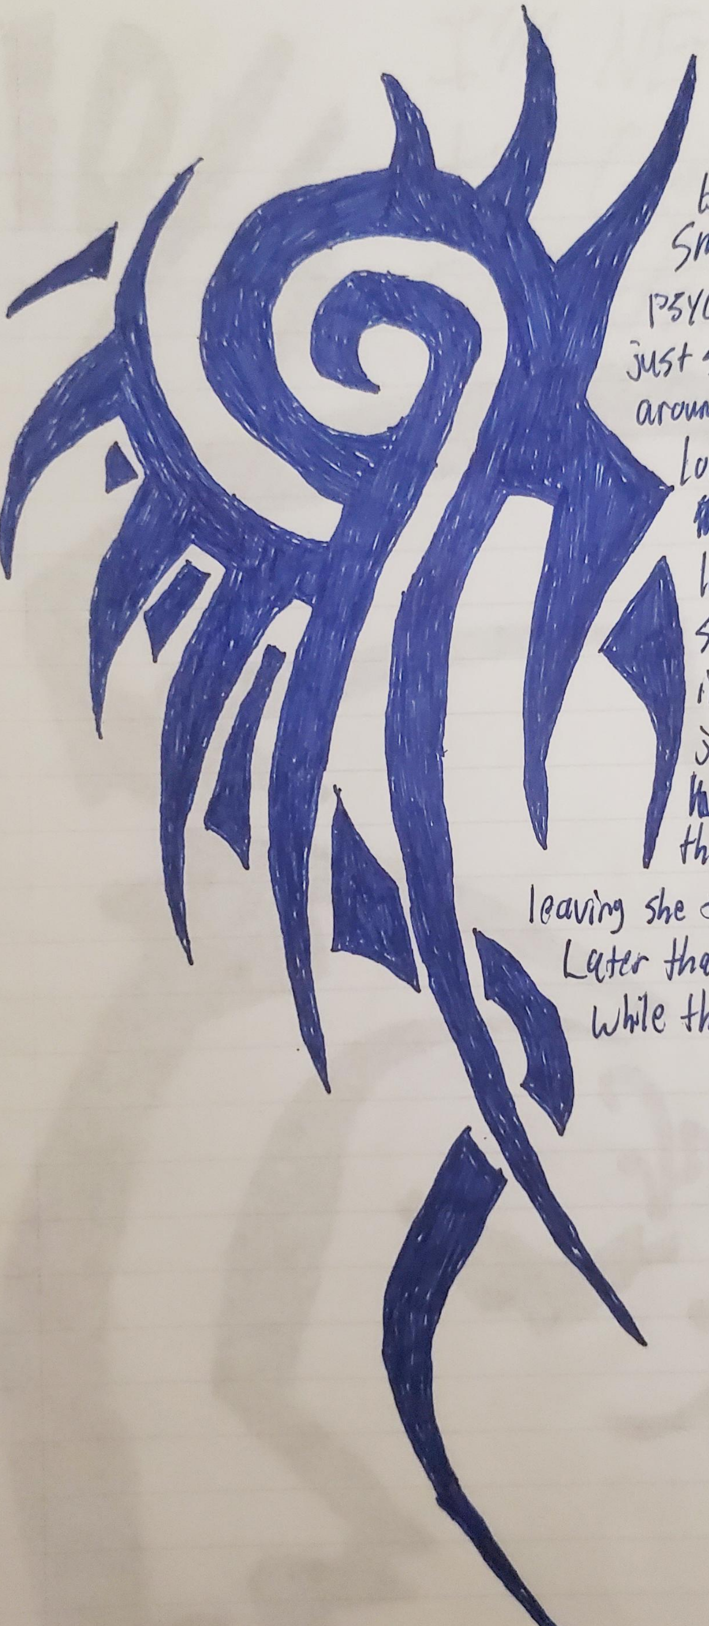


I said it again an assassin, [redacted] told me "That's not a career that's murder". Awkward silence for like [redacted], I love the look on [redacted] face. After the initail shock. She gave me this deep gaze, to forget about all this buisness of killing I asked her where she got her scarf. It was a chase logo scarf. She got it from chase. We said our goodbyes & went our own ways. The funny thing is, when I said I wanted to be an "ASSASSIN" I wasn't kidding. Killing people is how I want to make my living. [redacted] Was smiling at me like I was joking. But I was dead serious.

NOV 19 [redacted] 2014 tues

I've been called a ~~psy~~ PSYCOPATH plenty of times. I Already know what it means. That & I was thinking about that south park Episode fat camp. Where stan ask chef what's a prostitue? So just for fun I was going to ask [redacted] what a psycopath was. So I walked into the bank. Hello [redacted] Hi [redacted] [redacted] "what's a psycopath". [redacted] knows what a psycopath is but she couldn't find the words to explain, I told her this guy called me a psycopath am I. She told me what I thought. I said I don't know that's why I'm asking you, After egging her on "Tell me, just say yes or no even maybe". I knew I wasn't going to get an answer so I told [redacted] "forget about it I'll just goggle it". After I made my deposit [redacted] gave me my money. 20 $ all one's. I needed an envelope because my wallet was too fat. [redacted] apologized saying "I [redacted] didn't even ask you", I said it was fine & that the one time I need one she forgets to tell me. Time for me to Chez it, & with that I told [redacted] "You're a doll thanks". [redacted] was so flattered that she didn't even say bye





back. All she did was Smile. Also during our psycopath conversation. We both just sort of Just Paused. For around 10 seconds we were Just looking into each other's eye's, [redacted] broke eye contact looked at her feet & Just Smiled. Holy shit that was intense. Sumthing about [redacted] just turns me on. She's like a grown up kid, If that makes Sense. As I was leaving she told me I need to have goals. Later that day I touched myself while thinking about [redacted]

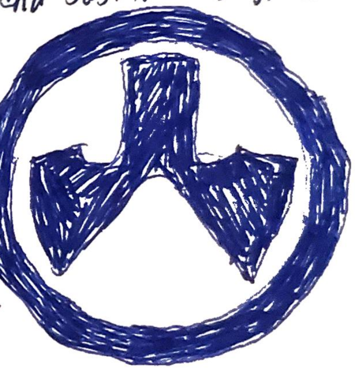
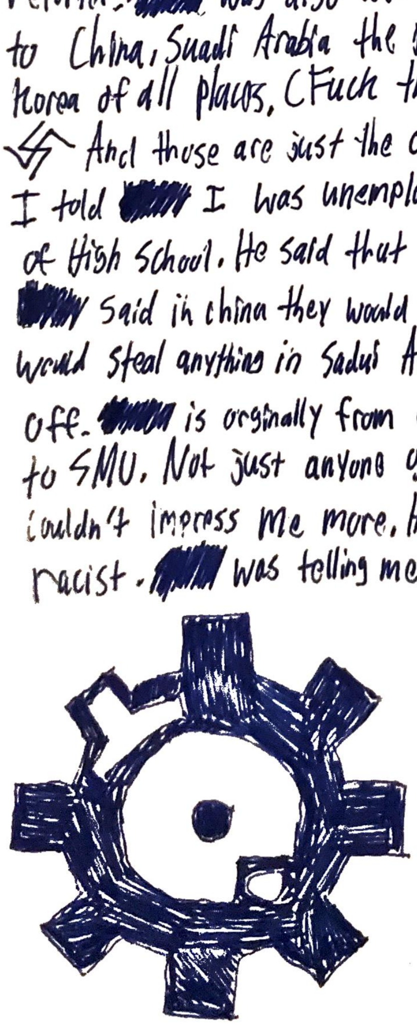
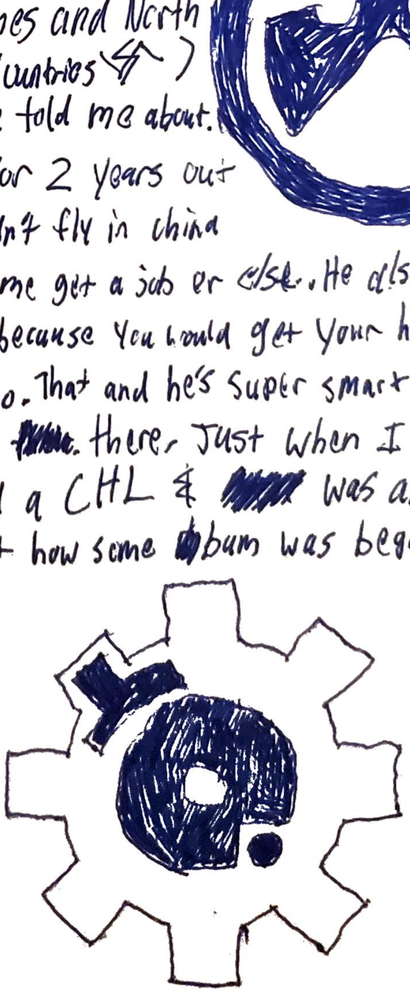
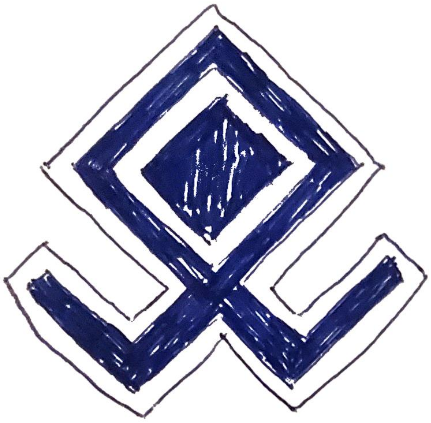
Today I meet this [redacted] dude named [redacted] at the downtown Carrollton Station. I was Just eating my Whataburger. He asked me if Whataburger was any good. I said "Yeah, it was like an orgy in my mouth"! After I finished my burger I pulled out my coffin nails. I offered him one just to be nice. I didn't take for a smoker. [redacted] took one which took me by surrise. We started talking about careers, All I have is a stinking dead end Job. Nothing special. [redacted] on the other hand was a lawyer and a t.v. reporter. [redacted] Was also well travelled. He had been to China, Suadi Arabia the Phillipines and North Korea of all places. (Fuck these Countries ↯) ↯ And those are just the ones he told me about. I told [redacted] I was unemployed for 2 years out of High School. He said that wouldn't fly in china [redacted] said in china they would make me get a job or else. He also said no one would steal anything in Sadui Abrdia because You would get your hand chopped off. [redacted] is orginally from chicago. That and he's super smart. He went to SMU. Not just anyone gets in [redacted] there. Just when I thought [redacted] couldn't impress me more. He had a CHL & [redacted] was also kind of racist. [redacted] was telling me about how some [redacted] bum was begging him









for money, [redacted] said he would take his 45 & blow his brains out. It reminded me the scene in American [redacted] PSYCHO were Bateman tells a homeless guy to get a job. Then kills him & his dog. [redacted] started dropping N bombs like it was going out of style. He said all the other races Asians (cat eaters) ~~A~~ Arabs (goat fuckers) hispanics (Shit stains) and Indians (the most pathetic men in the world). come to America & make something of themselves. Blacks will never get anywhere because they have a victim complex and scream racism every chance they get. We started talking about the ebola outbreak & how the porch monkey in chief is the biggest piece of shit ever. I told [redacted] about how I lost my 1st job. Something I've never told anyone. [redacted] let it go. He had to know. [redacted] is a total badass. The most successful person I've ever meet. [redacted] got off at the South Western Medical center. He wanted to keep in touch & have another smoke. He gave me his email address. My memory is shit. I couldn't remember what [redacted] said. In my experience. whenever I exchange phone numbess w/ someone they never call [redacted] back. Would [redacted] have called me back if I gave him my phone number. I'd like to think so. I felt I wasn't worthy enough to be friends with someone like [redacted] [redacted] was a successful intelligent never say die type guy. Me I'm just a guy that's barely getting by. 20 years old with nothing to show for it.

[redacted]

Now I was on my way to Chase. To see [redacted] fine ass.

QUICK NOTE

All my fucking notes have been deleted. I was trying to make space for gigs & reverted the damn phone. Had I known it was going to delete everything. I never would have done it. This is bullshit. 22 months worth of notes all gone. Favorite quotes, articles, movies I've seen. Just because this asshole phone only comes w/ 12 GB's. Damn it. I should have Written some of my shit down when I had the chance. Like when I wore my AK 47 shirt to the DMV. Or me hanging out w/ my cousin [redacted] at Mendez' baby shower. All the stuff that happened while I was working at BCW. Damn it all to hell. Now what hell I'm I supposed to write about. It's going to be a while before I jot down anything worthwhile. Revert my ass. Fuck What a truckload of Shit.

I'M FUCKING
MAD AS HELL

I started going to this restraunt, Rosies, I swear [redacted] the chick who owns it. is bi polar. Her [redacted] mood swings on a dime. The 1rst time I went there she was a mean ass girl. 2nd time I went there she was nice. [redacted] called me by name (I paid w/ a debit card) & she said God Bless you. And have a nice day. One day I was walking by her. I put my hand on her shoulder & said "bye [redacted]". [redacted] said "Goodbye my love". Every other time she put her Bitch shield up. From then on I just said "Hi" & "Bye". There was this other girl that worked there. [redacted] she asked me if I had any kids. I said "yeah in the tiolet." [redacted] was looking at me like. can you speak into my good ear. She told [redacted] I just said "don't hit me or anything, that was just a little joke". Father's day 2016. I went Rosies to buy some shit. As I was [redacted] said "Happy Fathers day". I was looking at [redacted] like what the hell you talking about". And then I remembered the time I said "in the tiolet." Touché [redacted] touché. I hadn't gone to Rosie's since like 2006. Now it was 2016.

SO LONG

Aug 1 Mon 2016

I went to the Dairyette today, I hadn't gone in like a month. I always get the same thing, Even though the the ladies know what I get they never bothered to memorize how much it cost, So before they tallied it up I had them guess how much it would be. $11.27 NO $10.00 No, $9.99 not even close, They gave up so I told them it was $10.93. This chick gave me my order, I said Your a doll thanx. This was late in the afternoon, I never go that early, I normally go as it's winding down 10:30 give or take, 2 dames (does anyone even call girls that anymore) that work at the Dairyette stick out to me. This Sweet Pea who always tells me to make good choices & this Baby Doll who whenever I say "Bye guys", She always says "BbbYYYeee". Baby Doll (I don't know their names; they didn't wear name tags & I was too shy to ask). handed me my order, She was enthusiastic as hell. the way she said "here you go have a nice day". Sweet Pea said "make good choices", I said "Bye guys", They said "BbbYYYeee", back. It kinda made sense ~~that~~ why Sweet Pea & Baby Doll were in such a good mood, Because that was the last time I ever saw them,

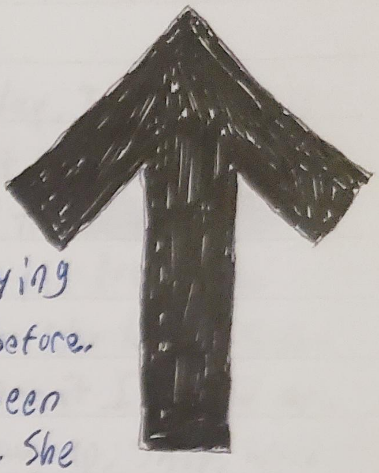
EAR CANDY

Aug 3 Wedn 2016



I talked to this girl [redacted] from Safe driving School. Oh my giddy Aunt her voice was catnip to my ear. I told [redacted] I was trying to schedule 3 driving lessons. 1 for each week before my driving test. [redacted] told me how long have I been waiting to take the drivers test. I Said 2 months. She told me not to fail or I will have to wait forever to take it again. I told [redacted] if I should write the drive times or if She would text Me. [redacted] said she would text me. [redacted] had such an amazing voice that I told her "There's kindness in your voice". [redacted] giggled and said "I'm just trying to help you out". We both said bye & that was pretty much it.

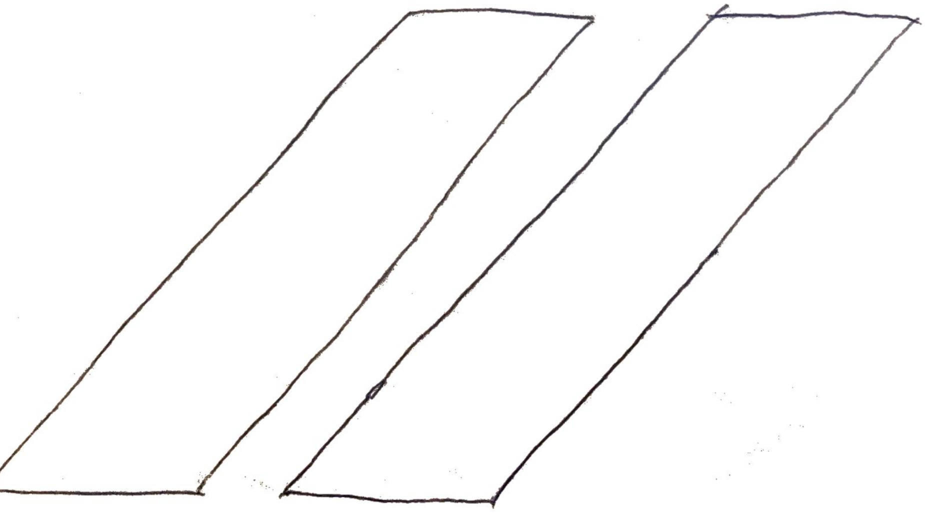
Aug 31 Wed 2016

I talked to another angel today. I was tryin to set up a 7 grand down payment because ~~the~~ my card a 3 grand spending limit. I talked to [redacted], [redacted] connected me w/ customer service. I botched it the last time. I thought the pound key was the mulitplication star looking sign. Turns out it was the tic tac toe looking sign. Damn it I fucked up. The dude said "thank you for your patience" & hung up. Shit, well that went well. I was wondering ~~whether~~ whether that dude was going to call back. After 5 minutes I said screw it, & gave it a 2nd try. I thought about calling [redacted] again. But I said no that be embarrassing, so I looked up the customer service number and dialed again. This chick [redacted] answered. She told me she would approve it & walk me through it. [redacted] said pretend your at the ATM. After everything checked out. [redacted] said congratulations on your new car.



PAINT IT BLONDE

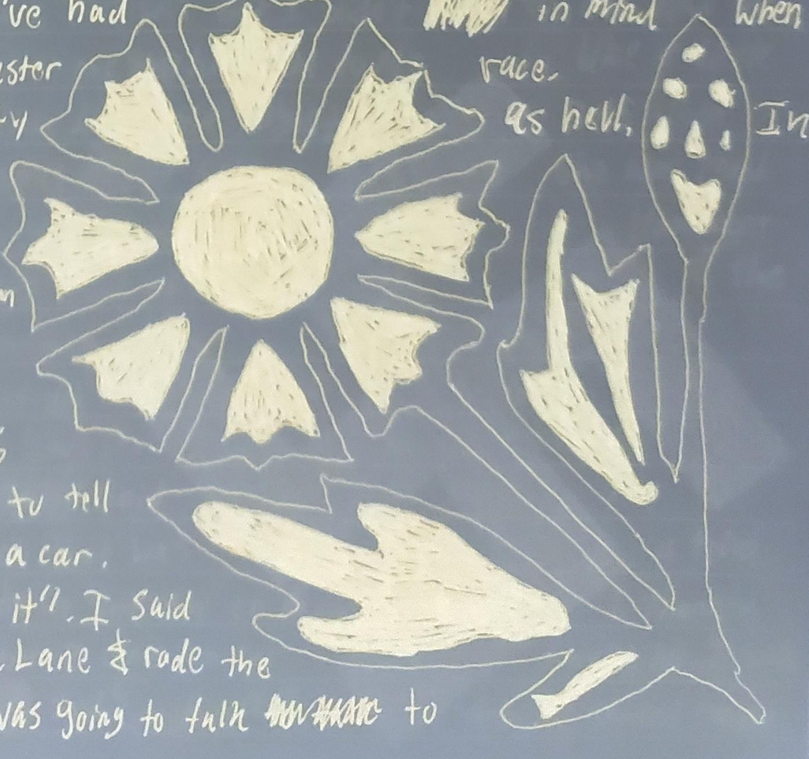
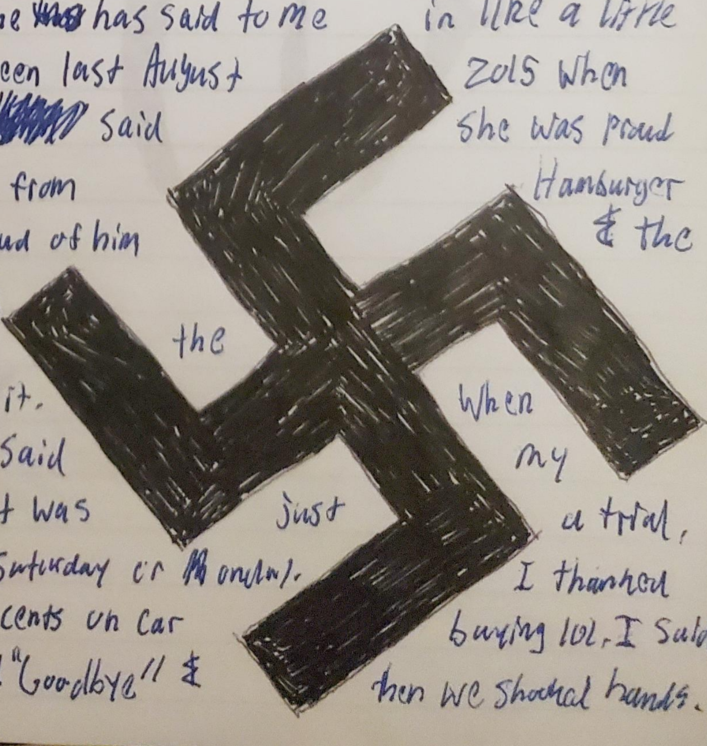
Aug 26 Fri 2016

Last Friday I talked to [redacted] about financing a car. [redacted] said the car has to be 2006 to finance. I could have sworn I told [redacted] I wanted a 2016 Charger. [redacted] himself said "I heard 2006". I swear they're conspiring against me. Next I asked [redacted] for some car buying advice. She said go in there & act like you own the place. And to not be afraid to walk away. [redacted] likes to lead by example because she told me about a car she bought. [redacted] said that taking a test drive was bait. If you like the car it clouds your judgement. [redacted] pretended to play the ditzy blonde acting naive when really she knew her shit. When the car salesman made an offer. [redacted] shot back with a counter offer. The Guy was "touché [redacted] touché". [redacted] walked. But they called her back & she ended up paying $5,000 less than the sticker price. [redacted] gave me a website to go to. Hitler must've had [redacted] in mind when he came up w/ the master race. [redacted] is pretty as hell. In a milfy way. Blonde hair big blue eyes. I can see why gentlemen prefer Blondes.

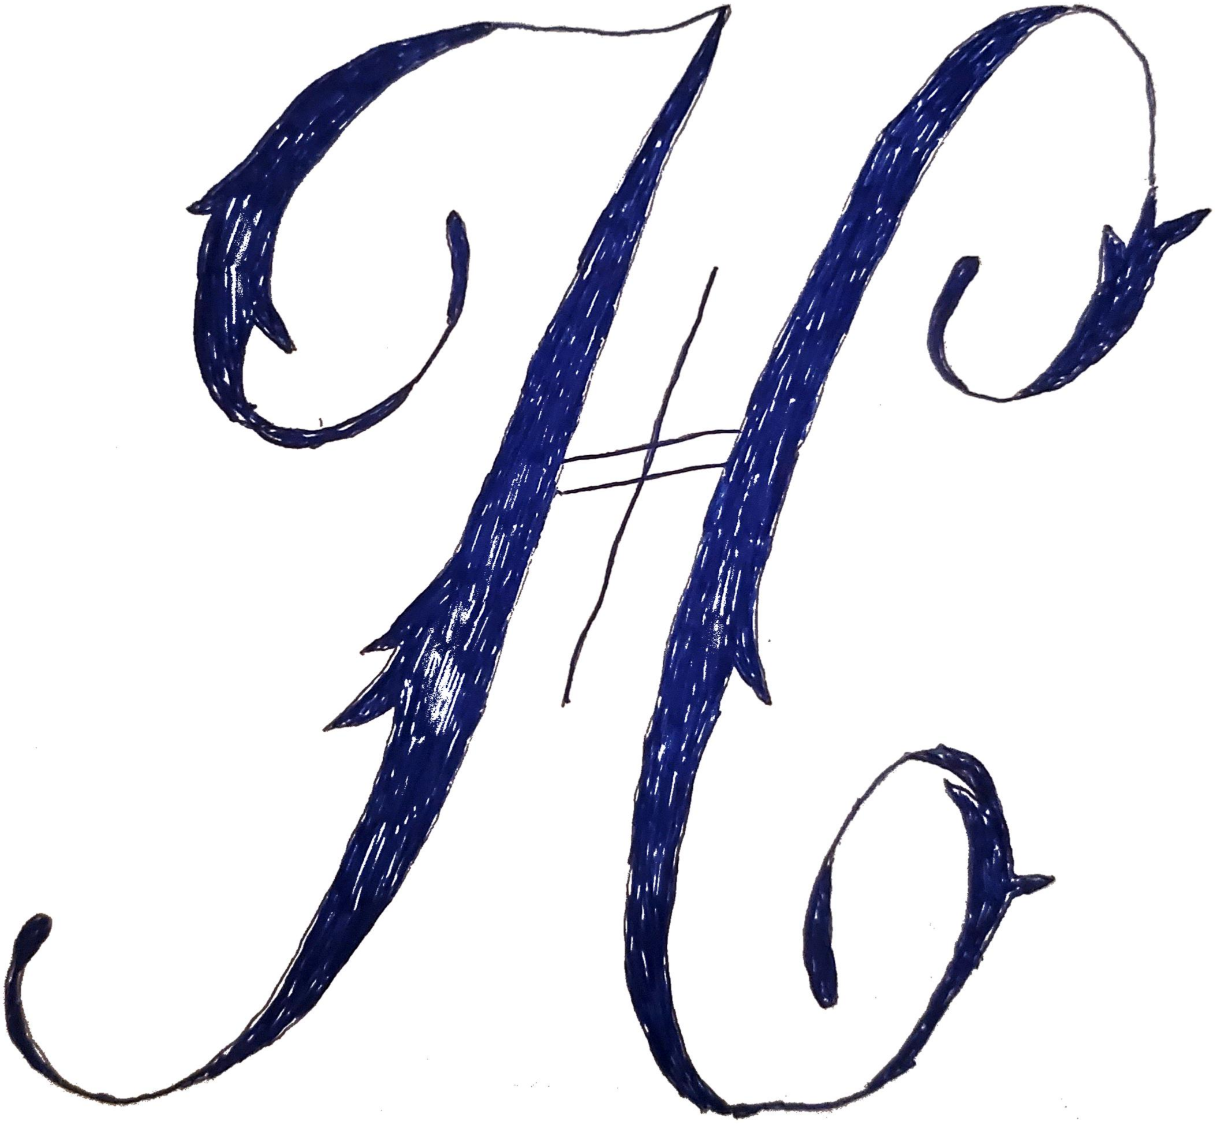


Sept 2 Fri 2016

So I went to chase to tell [redacted] about buying a car. [redacted] said "Where is it". I said I parked it at Park Lane & rode the rail downtown. I was going to talk [redacted] to [redacted] but this CUA beat me to it. I was going to wait til next week but I said screw it. Also it was a pain in the ass to go through all this trouble & not follow through. [redacted] said "do you need to talk to me". I said "uuuhhhmmmmm yeah". Then [redacted] said "You don't seem sure of that". I'm not just sure I'm HIV positive. We started chit chatting about credit cards & how to built credit. Her favorite is the freedom card. [redacted] said I really make her laugh. She was giggling like a little school girl. The conversation turned to me buying a car. I told [redacted] I didn't do what she told me to do but I got an ok deal. [redacted] monthly payment is a little more than mine. I told [redacted] that was hard to believe since she has better credit than me. I was going on about how I didn't know half the words they were telling me. Equity, deductible, APR. [redacted] told me APR stands for annual percentage rate. [redacted] told me her APR was 10% when she bought her 1st car. I said my APR was 16%. [redacted] looked at me & said that is steep. I wanted a 2016 SXT but I didn't qulify for one. And then [redacted] said something that no one has said to me in like a little over a year. It must have been last August 2015 when [redacted] said it. Anyways [redacted] said she was proud of me. It reminded me Joe from Hamburger Hill. When Claire says she's proud of him & the Joe had was just touching [illegible] [redacted] wanted to look at all the paperwork but I didn't have it. When I mentioned all that [redacted] said my credit will build & that that was just a trial. [redacted] isn't going to be in Saturday or Monday. I thanked [redacted] for giving me her 2 cents on car buying lol. I said "See you around". [redacted] said "Goodbye" & then we shook hands.



Later that day I touched myself while thinking about [redacted]



[redacted] Said I was Young
I love You so much [redacted]

THE GIRL WITH THE PANTHER TATTOO

The following happened Over the course of August & September, I had the dates but I reverted my phone. That's why my fucking post have been out of order, Instead of writing ~~#~~ # 5 post, I'm writing 1 massive post, After this everything will be back ontrack. Also everything's going to be out of sequence. And I don't remember everything that happened, that's one of the reasons I switched to a galaxy, Space up the ass. Also I'll be ripping off Romeo and Juliet. And I actually said all the lines from the Duck Man Episode About Face & I, Duckman. Another thing I was keeping track of was all the compliments I was getting on my Suicidal Tendencies Jacket. Shit,
